

Worden Park SROC Summer Sprint 4 18/6/19

The Maurice Dean Memorial Event.

Maurice Dean, a founder member of SROC, passed away last year. Peter Knott, Julian Lailey and the Park have been working to update and refurbish the permanent O course in his memory. Maurice had a long association with Worden as a park ranger and has a memorial tree dedicated to him here. The tree is incorporated into the course today as the butterfly control in the final, so as you visit it, please spare a moment's thought for one of our longest serving members who did so much for orienteering in this area. (Tribute published 7/8/18 sroc.org)
